

Freshcare Participation Fees

Effective 1 June 2024

Freshcare Program	Fee description	Fee (Excluding GST)
Food Safety and Quality – On Farm (FSQ)	Freshcare Participation Fee (FSQ)	\$530.00
Supply Chain Standard (SCS)	Freshcare Participation Fee (SCS)	\$700.00
Environmental (ENV)	Freshcare Participation Fee (ENV)	\$290.00
Sustainability Viticulture (AWISSP-VIT)	Freshcare Participation Fee (VIT)	\$510.00
Sustainability Winery (AWISSP-WIN)	Freshcare Participation Fee (WIN)	\$700.00

Freshcare Participation Fees: These fees are collected by your Certification Body on behalf of Freshcare.

These fees are based on the chosen Freshcare Program and audit cycle.

The applicable Freshcare Participation Fee will be identified as a line item on your invoice for audit payable to your contracted Certification Body.

Audit Quotes and Bookings: There are several Certification Bodies that can provide audit services for the Freshcare Programs. You are encouraged to seek quotes from these providers to select a provider that meets your needs.

This online form can assist you in getting a quote for audit: [Audit Quote Request Form](#)

Bookings for audits must be made directly with the chosen Certification Body.

Service Fees for Audits: To achieve Freshcare Certification, audits are undertaken by independent Certification Bodies. The costs for audits, inspections or assessments (time, travel costs) and services provided by the Certification Body are negotiated directly between the business and the Certification Body and depend on the individual pricing policies, duration of the audit activity, travel costs, time needed for the preparation, and follow-up.

Freshcare Limited is a purpose-driven industry benefit organisation with participation fees captured to contribute to the day-to-day operational costs and further developments of the Freshcare programs.
