Revision:	V2.1
Date:	12/03/20

Thursday, 13 March 2020

Dear Freshcare Participating Business,

E.E. Muir & Sons and Serve-Ag are a 100% Australian, Family Owned Rural Retailer. Our Companies provide the following products and services to fresh produce businesses:

- Crop Protection Chemicals
- Crop Nutrition Products, including Fertiliser, Trace Elements and Bio-Stimulants
- Seed
- Post-Harvest Cleaners & Sanitisers, Waxes and Chemicals
- Hydroponics inputs
- On Farm Packaging
- Consultancy

This letter serves to confirm that the products and services E. E. Muir & Sons and Serve-Ag supply meet with all the appropriate Australian Standards in regard to Food Safety.

E.E. Muir & Sons and Serve-Ag are Agsafe accredited Companies, operating from Agsafe accredited premises across Australia, supported by Agsafe qualified staff. At every stage of our businesses we endeavour to perform according to quality processes and guidelines.

Our agronomists are tertiary trained and qualified. They draw on the resources of our suppliers and various technical institutions, to address any crop related issues that may occur with our customers.

E.E. Muir & Sons and Serve-Ag, where possible, purchase goods from quality assured companies and those with quality processes in place. The best available seed is sourced, and all chemical sold is registered by the APVMA. All fertiliser is certified as to the contents being that described on the bag / label.

Thank you for your enquiry.

Regards,

Management Team
